Hi Diana,

Will submit as requested.

I also need access to the photos that are from the sites I schedule for CD1 CARE Team. These sites dont have an SR or AMS # sometimes.

Thanks,

Please provide us with priorities for next week by no later than *Thursday - 6/18*.

Also, Oscar informed that you are having trouble searching for before and after pictures for CARE locations. I am currently working on hopefully giving you access to create a 56 report on MYLA311. Once the report is generated, you will

have access to SR's affiliated with the scheduled locations and will be able to look at before and after pictures.

For the meantime, are there any specific locations you need pictures for? I can provide you with that by tomorrow.

Please advise.

Thank you so much Jose!
